

Fronter and Elluminate have come together to give the user full access to a range of web conferencing tools, completing their 'virtual classroom' experience. Fronter now offers Meeting and Liveroom powered by Elluminate.

Meeting

Personal tool - Full version of Elluminate vRoom™.

Invite - Attendees can be Fronter users or external participants.

Access - Up to 3 participants in one session.

Tools - Full-duplex audio, interactive whiteboard, chat, application sharing, synchronized notes, file transfer, web tour, high-resolution video.

Upgrade - Upgrade to the Fronter PlusPack Elluminate vOffice™ to increase the number of meeting participants and enable recording of your meeting sessions.

Liveroom

Room tool - Add the Liveroom tool to the list of room tools and conduct live online lectures.

Unlimited access - No limit to the number of participants taking part in a session.

Tools - Full-duplex audio, shared whiteboard, and interactive text chat.

Upgrade - Upgrade from Liveroom to the Fronter PlusPack Elluminate vClass and access application sharing, synchronized notes, file transfer and much more. Upgrade to Elluminate *Live!*® Academic Edition™ to gain full administrative access and control.

“By including industry leading real-time collaboration from Elluminate in the Fronter solution, we are offering our customers the most feature-complete collaboration platform on the market”

Roger Larsen
CEO of Fronter
